

General Lab Precautions & Chemical Safety Declaration

I, _____

(full name and roll number/employee code) declare that:

1. I have undergone the GLP and Chemical safety training at Chemical Engineering, IITGN.
2. I have learnt the guidelines to be followed in any laboratory at IIT Gandhinagar insofar the experiments fall under the purview of Chemical safety.
3. I have learned about the hazards involved with chemicals and how to do hazard control.
4. I have been guided on fire safety and fire extinguishers as well.
5. I will adhere to and abide by all GLP and safety norms.
6. I will take responsibility to ensure that any person I supervise in the lab follows the same.
7. I will conduct myself in the laboratory ethically, maximize safety for myself and my colleagues, and mitigate risks.
8. If I have concerns and questions, I will bring it to the notice of my supervisor, project investigator, discipline coordinator and CSC (Campus Safety committee) as appropriate.
9. That non-compliance with the GLP and safety norms will make me liable for penalty by the competent authorities.
